

André Rolle plans Meyer Burger's new manufacturing facilities together with his fab engineering team. "Building a factory from nothing – that's what I enjoy." Freiberg is currently bustling with activity, where the engineer is coordinating the construction of the third module line with about 20 external companies and suppliers. It is scheduled to be ramped up in summer 2023 and start production later in the year.

Group Structure and Shareholders

Group structure

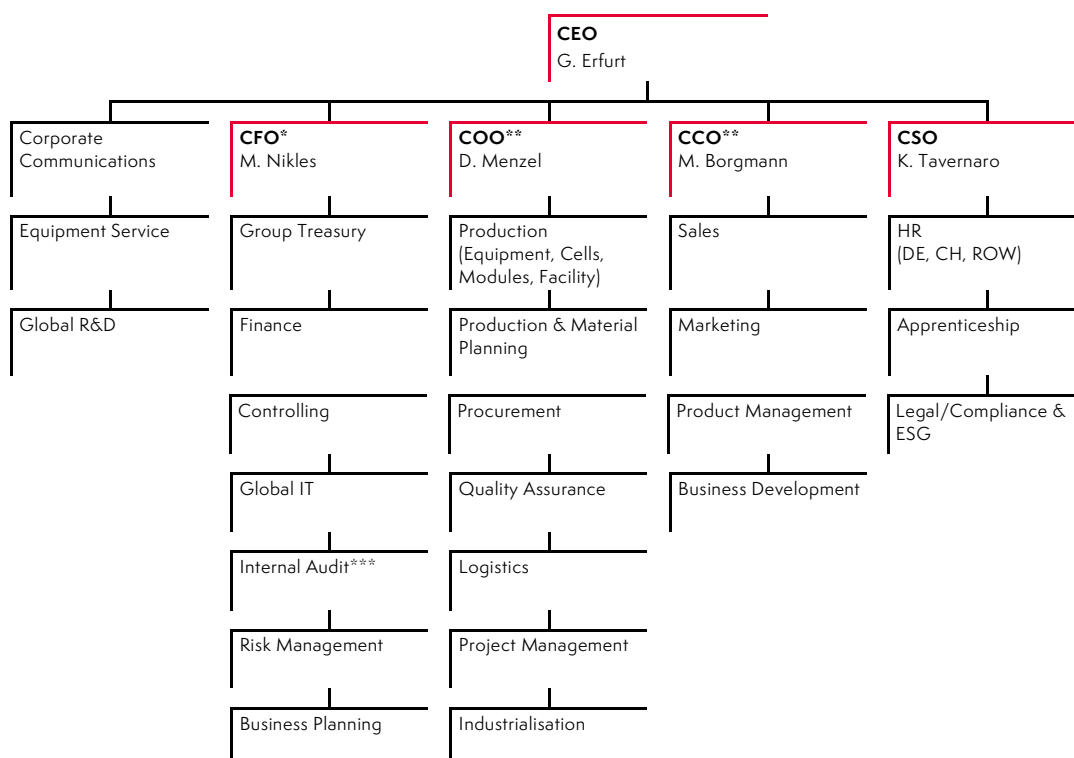

Meyer Burger Technology AG (subsequently also referred to as “the Company”) is a holding company established in accordance with Swiss law and holding all companies belonging to the Meyer Burger Group (“Meyer Burger” or “Group”) either directly or indirectly.

Meyer Burger started production of high-performance solar cells and solar modules in 2021. Its proprietary heterojunction/SmartWire technology enables the Company to set new industry standards in terms of energy yield. With solar cells and modules developed in Switzerland and manufactured in Germany according to high sustainability standards, Meyer Burger aims to become a leading European photovoltaic company with research facilities in Switzerland, development and manufacturing sites in Germany and sales offices in Europe, the USA and Asia.

For financial reporting, the business activities in fiscal year 2022 are divided into the business segments “Modules”, “Photovoltaics” and “Specialized Technologies”. Activities under the old business model of equipment sales were reported in the “Photovoltaics” segment. As part of the ongoing transformation of the Company, customer projects in the “Photovoltaics” segment are being phased out, but still led to a limited amount of revenue in 2022, mainly due to long-term contracts and service provided. Due to the comprehensive change of Meyer Burger’s business model, the segment “Specialized Technologies” is also due to be phased out. Please also refer to Note 2.17 on page 117 in the consolidated financial statements of this Annual Report.

Meyer Burger is operationally managed by the Executive Board. The responsibilities of the members of the Executive Board are arranged in a functional

line organization, as reflected in the overview of the operating corporate structure below:

(according to the Articles of Association dated 10 November 2022)

Conditional share capital

In accordance with Article 3b of the Company's Articles of Association, dated 10 November 2022, the share capital may be increased by a maximum amount of CHF 6,287,870.00 through the issuance of a maximum of 125,757,400 fully paid-in registered shares with a nominal value of CHF 0.05 each, by the exercise of option rights granted to employees and members of the Board of Directors of the Company or of Group companies in accordance with a plan to be prepared and issued by the Board of Directors. The subscription rights of shareholders shall be excluded. Upon acquisition, the new registered shares shall be subject to the limitations for registration in the share register in accordance with Article 4 of the Articles of Association.

In accordance with Article 3c of the Company's Articles of Association, dated 10 November 2022, the share capital may be increased by a maximum amount of CHF 12,575,756.00 through the issuance of a maximum of 251,515,120 fully paid-in registered shares with a nominal value of CHF 0.05 each, by the exercise of conversion and/or option rights which are granted in connection with convertible bonds, bonds with option rights or similar financial market instruments of the Company or of Group companies.

The subscription rights of the shareholders shall be excluded in connection with the issuance of convertible bonds, bonds with option rights or other financial market instruments, which carry conversion and/or option rights. The then current owners of conversion and/or option rights shall be entitled to subscribe for the new shares.

The acquisition of shares through the exercise of conversion and/or option rights and each subsequent transfer of the shares shall be subject to the limitations of registration in the share register in accordance with Article 4 of the Articles of Association.

The Board of Directors is entitled to restrict or exclude the advance subscription rights in connection with the issuance of convertible bonds, bonds with option rights or other financial market instruments of existing shareholders, provided that:

- 1) the financing instruments with conversion or option rights are issued in connection with the financing or refinancing of the acquisition of enterprises, divisions thereof or participations or of newly planned investments; or
- 2) an issue by firm underwriting through a bank or a banking syndicate followed by a public offer, thereby excluding the advance subscription rights, which seems to be the best way of issue at that point in time, in particular with respect to

the terms and conditions of the issue or the timeline of the transaction.

If advance subscription rights are denied by a decision of the Board of Directors, the following shall apply:

- 1) conversion rights may be exercisable only for up to ten years, option rights only for up to seven years from the date of the respective issuance; and
- 2) the respective financial market instruments must be issued at the relevant market conditions.

The total outstanding amount of conditional capital under Article 3b (125,757,400 registered shares) and 3c (251,515,120 registered shares) of the Articles of Association represents 10.49% of the outstanding ordinary share capital (3,597,218,551 registered shares) as at 31 December 2022.

Authorized share capital

In accordance with Article 3d of the Articles of Association, dated 10 November 2022, the Board of Directors is entitled to increase the share capital of the Company by a maximum amount of CHF 4,808,765.75, at any time up to 4 May 2023, through the issuance of a maximum of 96,175,315 fully paid-in registered shares with a nominal value of CHF 0.05 each.

The Board of Directors is entitled (including in the case of a public offer for shares of the Company) to restrict or exclude the subscription rights of the shareholders and to allocate them to third parties, if the new shares are to be used:

- 1) for the acquisition of enterprises, parts of enterprises, participations or for new investment plans, or in the case of a placement of shares for the financing or refinancing of such transactions;
- 2) for the purpose of the participation of strategic partners; or
- 3) for the rapid and flexible creation of equity capital through a placement of shares, which would only be possible with difficulty with subscription rights.

The capital increase may occur by means of underwriting and/or partial increases. The Board of Directors is entitled to set the issue price of the shares, the type of contribution and the date of entitlement to dividends. Shares issued under these terms are subject to the limitations for registration in the share register in accordance with Article 4 of the Articles of Association of the Company.

The total outstanding amount of authorized capital under Article 3d (96,175,315 registered shares) of the Articles of Association represents 2.67% of the outstanding ordinary share capital (3,597,218,551 registered shares) as at 31 December 2022.

Changes in capital over the past three reporting years

Changes in capital during 2022

As at 1 January 2022, the ordinary share capital amounted to CHF 133,524,500.55, divided into 2,670,491,011 fully paid-in registered shares. In addition, the Company had conditional capital of CHF 31,998.60 (639,972 registered shares) for the exercise of option rights in connection with the share participation program of the Company, and CHF 12,575,756.00 (251,515,120 registered shares) for the exercise of conversion and/or option rights in connection with convertible bonds. Furthermore, the Company also had authorized capital of CHF 4,808,765.75 (96,175,315 registered shares) with issuance possible up to 4 May 2023.

The Annual General Meeting on 5 May 2022 approved the increase in conditional capital in accordance with Article 3b of the Articles of Association to CHF 6,287,870.00 (125,757,400 fully paid-in registered shares equal to 4.71% of ordinary share capital as at the date of approval) to be used for the exercise of option rights granted to employees and members of the Board of Directors of the Company or of Group companies (in connection with the share participation program of the Company).

The changes to the Articles of Association were registered in the commercial register on 11 May 2022.

On 1 July 2021, Meyer Burger's German subsidiary MBT Systems GmbH had successfully placed green senior unsecured guaranteed convertible bonds due 2027 in the amount of EUR 145 million. As at 31 December 2022, no convertible bond conversions into shares in Meyer Burger Technology AG have occurred. Those outstanding are presented in the table on page 59. On 28 October 2022, the extraordinary general meeting of Meyer Burger Technology AG approved an ordinary capital increase in the amount of up to CHF 46,733,592.50 by issuing up to 934,671,850 new registered shares with a nominal value of CHF 0.05 per share. On 10 November 2022, the company issued 926,727,540 new registered shares with a nominal value of CHF 0.05 per registered share. The ordinary share capital was thus increased to CHF 179,860,927.55 divided into 3,597,218,551 registered shares.

The change to the Articles of Association and the capital increase were registered in the commercial register on 14 November 2022.

Subsequently and according to clause 6 (Adjustments to the Conversion Price) of the Terms of the Bonds, the conversion conditions of the convertible

bond provide for an adjustment of the initial conversion price in case of a capital increase (issue of shares or other securities by way of conferring subscription or purchase rights). The conversion price was therefore reduced from EUR 0.5868 and CHF 0.643774 per registered share to EUR 0.52 and CHF 0.57 respectively. All other conditions remain unchanged. Therefore, the number of shares that is needed to be available for sourcing and issuance from the conditional share capital in connection with the Convertible Bond, following the capital increase and conversion price adjustment, amounts to approximately 279 million shares and therefore exceeds the currently available 251,515,120 shares available from conditional capital (in accordance with Article 3c of the Company's Articles of Association, dated 10 November 2022). As a result, the company expects to submit to the forthcoming ordinary shareholders' meeting to be held in May 2023 to resolve to increase the conditional share capital of the company. The convertible bond will mature at 100% of its nominal value on 8 July 2027.

Changes in capital during 2021

As at 1 January 2021, the ordinary share capital amounted to CHF 125,757,560.30, divided into 2,515,151,206 fully paid-in registered shares. In addition, the Company had conditional capital of CHF 31,998.60 (639,972 registered shares) for the exercise of option rights in connection with the share participation program of the Company, and CHF 3,450,000.00 (69,000,000 registered shares) for the exercise of conversion and/or option rights in connection with convertible bonds. Furthermore, the Company also had authorized capital of CHF 5,138,803.75 (102,776,075 registered shares) with issuance possible up to 13 May 2022.

The Annual General Meeting on 4 May 2021 approved the increase in authorized capital of CHF 12,575,756.00 (251,515,120 fully paid-in registered shares equal to 10% of ordinary share capital as at the date of approval) with issuance possible up to 4 May 2023.

Furthermore, the Annual General Meeting on 4 May 2021 approved the increase in conditional capital in accordance with Article 3c of the Articles of Association to CHF 12,575,756.00 (251,515,120 fully paid-in registered shares equal to 10% of the ordinary share capital as at the date of approval) to be used for the exercise of conversion and/or option rights in connection with convertible bonds, bonds with option rights or similar financial market instruments of the Company or of Group companies.

The changes to the Articles of Association were registered in the commercial register on 5 May 2021.

On 1 July 2021, the Company issued from the previously authorized capital by way of an accelerated bookbuild, 155,339,805 new registered shares with a nominal value of CHF 0.05 per registered share. The ordinary share capital was thus increased to CHF 133,524,550.55 divided into 2,670,491,011 registered shares. The change to the Articles of Association and the capital increase were registered in the commercial register on 2 July 2021.

Additionally, on 1 July 2021, Meyer Burger's German subsidiary MBT Systems GmbH, Hohenstein-Ernstthal, Germany, (the 'Issuer') successfully placed green senior unsecured guaranteed convertible bonds due 2027 in the amount of EUR 145 million. Meyer Burger placed bonds with an aggregate principal amount of EUR 145 million that were issued by the Issuer and guaranteed by Meyer Burger Technology AG. The bonds were issued with a denomination of EUR 100,000 per bond at 100% of their principal amount and carry a coupon of 3.5% per annum, payable semi-annually in arrears. Unless previously converted or repurchased and cancelled, the bonds will be redeemed at 100% of their principal amount on 8 July 2027. The bonds are initially convertible into approximately 247 million registered shares in Meyer Burger Technology AG, sourced from shares to be newly issued from conditional share capital excluding the existing shareholders' advance subscription rights. The initial conversion price has been set at EUR 0.5868, representing a premium of 25% over the issue price of the New Shares translated into EUR using the EUR:CHF foreign exchange rate at the time of pricing.

As at 31 December 2021 no convertible bond conversions into shares in Meyer Burger Technology AG had occurred.

Changes in capital during 2020

As at 1 January 2020, the ordinary share capital amounted to CHF 34,258,691.70, divided into 685,173,834 fully paid-in registered shares. In addition, the Company had conditional capital of CHF 31,998.60 (639,972 registered shares) for the exercise of option rights in connection with the share participation program of the Company, and CHF 1,368,878.15 (27,377,563 registered shares) for the exercise of conversion and/or option rights in connection with convertible bonds. Furthermore, the Company also had authorized capital of CHF 1,535,579.00 (30,711,580 registered shares) with issuance possible up to 2 May 2020.

The Annual General Meeting on 13 May 2020 approved the renewal of authorized capital of CHF 5,138,803.75 (102,776,075 fully paid-in registered shares) with issuance possible until 13 May 2022. This change to the Articles of Association was registered in the commercial register on 14 May 2020.

The Extraordinary General Meeting held on 10 July 2020 followed the proposal of the Board of Directors and approved an ordinary capital increase by issuing up to 1,829,977,372 new registered shares with a nominal value of CHF 0.05 per registered share, and increased the conditional capital in Art. 3c of the Articles of Association to CHF 3,450,000 for the issuance of up to 69,000,000 registered shares by the exercise of conversion and/or option rights. This change to the Articles of Association was registered in the commercial register on 10 July 2020. As approved by the Extraordinary General Meeting, the capital increase took the form of a combination of a rights offering to existing shareholders and a private placement to selected investors. On 28 July 2020, the Company issued 1,829,977,372 new registered shares with a nominal value of CHF 0.05 per registered share. The ordinary share capital thus increased to CHF 125,757,560.30, divided into 2,515,151,206 registered shares. The change to the Articles of Association and the capital increase were registered in the commercial register on 28 July 2020.

Shares

The outstanding share capital of Meyer Burger Technology AG, as at 31 December 2022, was divided into 3,597,218,551 registered shares with a nominal value of CHF 0.05 each as reflected in the commercial register. All shares are fully paid-in. Each share is entitled to one vote. All shares are entitled to dividends. The Company recognizes only one entitled party for each share. A share register is kept on the shares issued, in which the owners, usufructuaries and nominees of the registered shares are entered along with their name, domicile, address and nationality. Entry in the share register depends on identification by means of transfer of the ownership interest or the creation of a usufruct in the correct form and in accordance with the Articles of Association. The Company will only consider as shareholders those who are registered in the share register.

Participation or dividend-right certificates

The Company has neither participation certificates nor dividend-right certificates outstanding.

Limitations on transferability and nominee registrations

As a matter of principle, the Company's Articles of Association do not include any restrictions on transferability. However, the Articles do include the following registration limits:

- Acquirers of registered shares are entered into the share register upon request as shareholders with voting rights, provided that they expressly declare that they have acquired these registered shares on their own behalf and for their own account.
- The Board of Directors may enter nominees with up to a maximum of 3% of the registered share capital as recorded in the commercial register with voting rights in the share register. In accordance with this regulation, nominees are persons who do not expressly declare in the share register entry form that they hold the shares for their own account and with whom the Board of Directors has entered into an agreement to this effect.
- Beyond this limit, the Board of Directors can enter registered shares of nominees with voting rights in the share register, if the nominee in question states the name, address and shareholdings of those persons for whose account it holds 0.5% or more of the registered share capital as recorded in the commercial register.
- Legal entities or partnerships or other associations or joint ownership arrangements linked through capital ownership or voting rights, through common management or in like manner, as well as individuals, legal entities or partnerships (especially syndicates) which act jointly with the intention of evading the entry restrictions are considered as one shareholder or nominee.
- The entry restrictions also apply to registered shares that were purchased or acquired through the exercise of subscription rights, options or conversion rights.

Please refer to the section "Voting rights restrictions and representation" on page 74 of this Corporate Governance Report for the procedure and requirements for changes to or the cancellation of the above-listed restrictions.

Changes to the Board of Directors in fiscal year 2022

At the General Meeting of Shareholders on 5 May 2022, Katrin Wehr-Seiter was elected as Member of the Board of Directors. At the same meeting, shareholders re-elected Dr. Franz Richter as member and Chairman of the Board of Directors and re-elected Andreas R. Herzog, Mark Kerekes and Prof. Dr. Urs Schenker as members of the Board of Directors.

Executive activities for the Company or one of its Group companies

As at 31 December 2022, the current members of the Board of Directors have never been members of the Executive Board of the Company or any of the Group companies.

In accordance with Article 28 of the Articles of Association dated 10 November 2022, members of the Board of Directors and the Executive Board may not hold or exercise more than the following number of additional activities in the highest management or administrative bodies of other legal entities which are obliged to be registered in the Commercial Register or in a comparable foreign register and which are not controlled by the Company or do not control the Company:

- 10 mandates (for members of the Board of Directors) or 3 mandates (for members of the Executive Board) in the highest management or administrative bodies of other legal entities,
- of which 5 mandates (for members of the Board of Directors) and 1 mandate (for members of the Executive Board) for public companies, and
- 10 (for members of the Board of Directors) or 2 (for members of the Executive Board) non-

remunerated mandates with non-profit, charitable or other not-for-profit legal entities, whereby reimbursement of expenses does not count as remuneration.

Several mandates with different companies belonging to the same group count as one mandate. The above limitation does not apply to mandates held by a member of the Board of Directors or the Executive Board on behalf of the Company (e.g. joint ventures or pension funds of these legal entities or in companies in which this legal entity holds a significant [non-consolidated] interest). The acceptance of mandates or employment by members of the Executive Board outside the Meyer Burger Group requires the prior approval of the Board of Directors. The Board of Directors may refuse approval at its own discretion.

Elections and terms of office

In accordance with Article 18 of the Articles of Association dated 10 November 2022, the Board of Directors consists of one or more, but a maximum of nine members. The General Meeting of Shareholders elects annually:

- the members of the Board of Directors and the Chairman of the Board
- the members of the Nomination & Compensation Committee, who must be members of the Board of Directors

The members of the Board of Directors are elected individually and for a term of office up to and including the next Annual General Meeting. Re-election is possible. The term of office of a member of the Board of Directors will, however, end irrevocably on the date of the Annual General Meeting following the 70th birthday of the particular member of the Board of Directors.

Internal organization

The Board of Directors constitutes itself, except for the mandatory competences of the Annual General Meeting (election of the Chairman of the Board of Directors and the members of the Nomination & Compensation Committee). The Board shall choose its Vice Chairman and a Secretary, who does not need to be a member of the Board of Directors. As at 31 December 2022, Dr. Franz Richter acted as Chairman of the Board of Directors and Mark Kerekes as Vice Chairman.

The Board of Directors holds ordinary Board meetings at least four times per year; usually at least one meeting per quarter. Additional meetings are held as often as necessary. In fiscal year 2022, the Board of Directors held 17 Board meetings, of which two were physical meetings and 15 were held as virtual conferences. In addition, the Board was constantly

updated on, and involved in, the progress of Meyer Burger's business transition. In this regard, 14 circular resolutions were also passed. Meetings of the Board of Directors with physical attendance usually lasted a full day. The length of virtual conferences was up to four hours depending on the issues discussed. In general, the Executive Board participated in the meetings of the Board of Directors.

The Board of Directors can introduce permanent or ad-hoc Committees for the preparation of individual resolutions, for the performance of certain control functions, or for other special tasks. The Committees do not have decision-making authority in most cases (with certain exceptions for example, regarding decisions of execution that have been delegated by the Board of Directors in single resolutions).

As at 31 December 2022, the Board of Directors had two permanent Committees: the Risk & Audit Committee, and the Nomination & Compensation Committee. The duration of the Committees' meetings depended on the issues discussed.

Risk & Audit Committee (R&A Committee)

Committee members as at 31 December 2022: Andreas R. Herzog (Chairperson), Mark Kerekes, Katrin Wehr-Seiter.

The R&A Committee has the following principal responsibilities:

- Reviewing the accounting system
- Reviewing the annual financial statements and other financial information published
- Supervising risk assessment within the Group
- Monitoring compliance and risk management, and the effectiveness and efficiency of the internal control system ("ICS")
- Reviewing the scope and effectiveness of the internal audit system and ensuring that the internal audit function is adequately resourced
- Planning the risk-based annual internal audit plan with the Head of Internal Audit and reviewing the findings and recommendations of the internal audit reports
- Supervising business activities concerning compliance with resolutions by the Board of Directors, internal regulations and guidelines, directives and statutory provisions, in particular also the compliance with stock exchange laws
- Reviewing the services, independence and fees of the external auditors as well as making recommendations to the Board of Directors regarding the proposal to the General Meeting of Shareholders in respect of the auditors

- Detailed consideration of the audit letters, examination of all important conclusions and recommendations of the external auditors with the Executive Board and the auditors themselves
- Monitoring the implementation of the recommendations of the external auditors
- Reviewing the services and fees regarding consulting mandates with related parties
- Periodic examination of the insurances of the Group
- Further special tasks as assigned by the Board of Directors

The Committee meets as often as business requires, which is usually at least three times per year. The meetings usually last up to three hours. The CFO usually participates in these meetings. Other members of the Board of Directors, the CFO or other members of the Executive Board, representatives of the external auditors, representatives of the internal auditors or other specialists may also be invited to these meetings. The decision thereto is with the Chairperson of the R&A Committee. The designation of assignments to third parties requires the approval of the Board of Directors or, in urgent cases, of the Chairman of the Board of Directors. The Committee meets at least twice per year with representatives of the external auditors. None of the members of the Executive Board shall be present for the duration of such a meeting with the auditors.

In fiscal year 2022, the R&A Committee held six meetings. The external auditors participated in four meetings. The Head of Internal Audit was present at all meetings. The Committee did not consult regularly with external advisors.

Nomination & Compensation Committee (N&C Committee)

Committee members as at 31 December 2022: Prof. Dr. Urs Schenker (Chairperson), Andreas R. Herzog.

The N&C Committee has the following principal responsibilities:

- Responsibility for the process of selecting and proposing new members of the Board of Directors
- Responsibility for the process of selecting and proposing the appointment of the CEO
- Examination and approval, and related proposals, of the selection of members of the Executive Board and of management members of important Group companies (including occasional interviews at the end of the selection process) as well as examination of the most important conditions of their employment contracts
- Proposing the compensation of the members of the Board of Directors and the Board's Committees

- Review, negotiation and proposal of the remuneration of the CEO
- Review and proposal (together with the CEO) of the remuneration of the members of the Executive Board
- Review of, and decision on, the targets and their achievement by members of the Executive Board
- Review of the targets and total remuneration of important Group companies
- Preparation and proposal of the Remuneration Report
- Review, proposal and monitoring of the implementation of participation programs for the Board of Directors, the CEO, the other members of the Executive Board and for other employees
- Examination, proposal (together with the CEO) and monitoring of the implementation of the structure and organization of the highest level of operating management
- Planning of successors at the highest level of management
- Planning and implementation of a self-assessment of the Board of Directors
- Further special tasks as assigned by the Board of Directors in the areas of nomination, organization and remuneration
- Detailed information on the decision-making authority on the remuneration of the Board of Directors and the Executive Board are included in the Remuneration Report on page 81.

The Committee meets as often as business requires, which is usually at least four times per year. The meetings usually last up to four hours. The Chairperson of the Committee can invite members of the Executive Board, members of the management of significant subsidiaries or third parties to the meetings. The delegation of assignments to third parties requires the approval of the Board of Directors or of the Chairman of the Board of Directors.

In fiscal year 2022, the N&C Committee held three meetings and passed two circular resolutions. The Committee was supported by independent external consultancy service providers for professional search and compensation topics and the remuneration report.

¹ The average attendance ratio at the meetings of the Committees refers directly to the members of the relevant Committee (additional participants who participate as guests in the Committee meetings are not included in the table above and in the percentage calculations). For the newly elected Board members, attendance ratios are calculated as at the date of their election at the Annual General Meeting 2022.

Definition of areas of responsibility

The main tasks of the Board of Directors are the determination and periodic inspection of the corporate strategy and Company policy, as well as the organization (including control systems) of the Group, the control of the operational management and of the risk management. In addition, it is responsible for the periodic assessment of its own performance and that of the Executive Board.

In addition to the non-transferable and irrevocable tasks pursuant to Article 716a of the Swiss Code of Obligations, the Board of Directors has explicitly reserved the approval of various matters (see the following list). In general, the Board of Directors has delegated the operational management of the Group to the CEO and the Executive Board, respectively.

The Board of Directors explicitly reserves approval in the following circumstances to itself:

- Incorporation/financing/closure of subsidiaries; investment in/divestment of participations, changes in participation quotas or of share-ownership ratios; purchase of a business or a company or parts thereof through the acquisition of assets or of assets and liabilities (including workforce); opening balance sheet of business sectors that shall be transferred to subsidiaries as well as concept and main details of contracts between Group companies
- Contracts/cancellation of contracts for strategic alliances that have an influence on the business scope, geographic scope or the capital structure of Meyer Burger Technology AG or any of its Group companies

- Decisions on business affairs that are of major importance to Meyer Burger
- Individual expenditure, investment, divestment; sale of assets, abandonment of plants or assets, liquidation of investments, waiving of receivables; grant of sales reductions or adjustments to invoices; write-off of receivables: above CHF 1.5 million, if included in the budget; above CHF 1 million, if not included in the budget
- Bids and contracts with customers above CHF 30 million
- Agreements to and allowance of letters of comfort and guarantees, loans and credits to third parties above CHF 5 million
- Loans to members of the Board of Directors or members of the Executive Board (possible up to a maximum of TCHF 50)
- Financing transactions (bank loans, bonds issues), leasing above CHF 5 million
- Structured financing transactions
- Decisions concerning communication (identity, design, branding, communication policy, marketing communication strategy)
- Personnel and salary policy of the Group
- Wage negotiations and social planning for the Group
- Appointment, dismissal and compensation of members of the Executive Board
- Employment conditions for the highest level management positions
- Share and option programs, including profit sharing programs for associates and employees
- Principles for pension plans and social benefits
- Large restructuring programs

Members of the Board of Directors and members of the Executive Board of the Company have joint signature authority.

Information and control instruments vis-à-vis the Executive Board

Every month, the Board of Directors receives from the Executive Board a report on business development and on the key figures for all Group companies as part of a structured information system. The information relates in particular to:

- Detailed monthly reports and consolidated monthly financial statements including results since the beginning of the year (year-to-date numbers, comparisons with the budget and the results of the previous year's period) and key figures for the Group
- Detailed treasury reporting with information on liquidity, debt position, currency situation and working capital
- Information on incoming orders, order backlog, inventory situation, production data, development of number of employees
- Share register

The members of the Board of Directors additionally receive the following information prior to Board meetings:

- Interim reports on the course of business
- Information about business and market developments
- Appropriate information with regard to events, which concern the internal control system and risk management

Both the CEO and the CFO participate in Board of Directors' meetings, at which financial results are discussed.

- Detailed information regarding the participation of members of the Executive Board at meetings of the Board of Directors and the Committees are included in the comments to section "Internal organization" and the descriptions of the different Committees on page 64 ff.

During Board meetings, each member of the Board of Directors can request information from the other members of the Board, as well as from the members of the Executive Board on all affairs of the Company. Outside of Board meetings, each member of the Board of Directors can request information on the course of business or important business transactions from the CEO, the CFO or from other members of the Executive Board. Members of the Board of Directors can also contact other associates (in agreement with members of the Executive Board).

Risk management

As part of the risk assessment process, the probability of occurrence and the extent of the loss are considered. The Company uses both quantitative and qualitative methods for this process, applying these on a uniform basis across the Group as a whole and thereby enabling risk assessments to be compared across different areas of the Company. Based on the results of probability of occurrence and expected implications, a clear risk assessment matrix is drawn up.

- For further information regarding risk management please refer to the consolidated financial statements Note 3 on page 119 ff.

Internal control system

The Board of Directors approved an optimized internal control system ("ICS"). The ICS applies a risk-oriented approach (focused on major risks and controls). Meyer Burger's ICS consists of systematically designed organizational and technical measures and controls to ensure compliance with guidelines and to avert damage that maybe caused by the company's own personnel or third parties. The controls can be either independent of, or dependent on

the underlying process. The scope of the ICS depends on the size and risks of each subsidiary within the Group. This classification is reviewed once per year.

The key risks identified are continuously monitored and at regular intervals, all control measures for the major processes that are relevant for the financial reporting will be reviewed with regards to their appropriateness. In the future, in addition to the appropriateness, their effectiveness and efficiency will be also tested on a regular basis. At the group level, controls are implemented with regards to the consolidated financial statements of the Group.

The following processes were defined as financially relevant: sales, procurement, financial reporting, inventory, fixed assets, human resources, treasury and information technology. A process owner has been defined for each of these processes. The process owners are responsible for ensuring that the controls identified for the respective processes are complied with and implemented.

The Board of Directors receives a detailed report on the ICS once per year. In fiscal year 2022, the R&A Committee discussed the ICS at one of its meetings and the Board of Directors discussed it at one Board meeting. The external auditors also audit compliance with ICS regulations as part of their annual audit and report their conclusions directly to the R&A Committee as well as to the Board of Directors.

Where control weaknesses exist, actions to eliminate these weaknesses must be defined and monitored.

Internal audit

After its organizational transformation, the Company reprised the internal audit function as of November 2021. The first half of 2022 was characterized by the implementation of an internal audit system based on the Institute of Internal Auditors' International Professional Practices Framework (IPPF). In order to preserve the independence of the internal audit function, the Head of Internal Audit reports functionally to the R&A Committee. The internal audit has unrestricted access to information that allows it to review all aspects of the Group's risk management, control and governance processes. The Executive Board including the affected subsidiary are notified of the deficiencies found so that they can be rectified and the Head of Internal Audit follows up with the implementation of audit recommendations.

The second half of 2022 saw the beginning of independent, objective assurance and consulting activities designed to add value and improve the organization's operations. Two assurance and five consulting activities of the internal audit were issued in 2022.

The internal audit generally results in written reports detailing the audits carried out, the findings resulting from the audits and, if necessary, gives recommendations to improve systems and processes. The internal audit carries an obligation to immediately report possible irregularities or fundamental shortcomings to the R&A Committee and to the Chairman of the Board of Directors.

Compensation, Shareholdings and Loans

- Detailed information on compensation, shareholdings and loans to active and former members of the Board of Directors and of the Executive Board is included in the Remuneration Report (pages 77 to 90).
- Statutory rules regarding the principles of compensation, participation plans, loans, credit and pension benefits are set out in Articles 30 to 34 of the Articles of Association. The rules regarding the approval of the remuneration by the General Meeting of Shareholders are set out in Article 17 of the Articles of Association.

Shareholders' Participation Rights Voting rights restrictions and representation

Each share is entitled to one vote. The shareholder rights can be exercised by anyone who is registered in the share register as a shareholder 10 days prior to the General Meeting of Shareholders and who has not sold their shares up to the end of the General Meeting of Shareholders.

A shareholder may be represented at the General Meeting of Shareholders by a person with written power of attorney, who does not need to be a shareholder. All shares held directly or indirectly by a shareholder can only be represented by one person. For voting rights of nominees please refer to the section "Limitations on transferability and nominee registrations" on page 58 of this Corporate Governance Report. A cancellation, liberalization or intensification of the limitations on nominee registration stipulated in the Articles of Association must be approved by at least two thirds of the votes represented and the absolute majority of the nominal value of shares represented at the Meeting of Shareholders.

Independent proxy holder

The General Meeting of Shareholders elects an independent proxy holder. Natural persons, legal entities and partnerships are eligible for election. The term of office expires with the conclusion of the next Ordinary Shareholders' Meeting. Re-election is permitted.

The Annual General Meeting of Shareholders held on 5 May 2022 elected Mr. lic. iur. André Weber as independent proxy holder for a term of office until the conclusion of the 2022 Ordinary Shareholders' Meeting. Mr. Weber is independent and has no further mandates for Meyer Burger Technology AG.

The Company enables its shareholders to transfer their votes to the independent proxy holder by electronic means through the eComm platform (<https://ip.computershare.ch/meyerburger>) for any General Meeting. The description of the procedure to register and vote through the platform is sent to shareholders who are registered in the share register together with the invitation to the Shareholders Meeting.

- For statutory rules regarding the independent proxy holder, please refer to Article 13 of the Articles of Association.

Statutory quorums

The General Meeting of Shareholders drafts its resolutions and carries out its votes on the basis of the absolute majority of the voting rights represented. At least two thirds of the votes represented and the absolute majority of the nominal value of shares represented is required, among others, for resolutions in accordance with Article 704 paragraph 1 and 2 of the Swiss Code of Obligations (CO).

Convocation of a General Meeting of Shareholders

General Meetings of Shareholders are convened by the Board of Directors, or if necessary by the auditors, or at the request of one or more shareholders who together represent at least 10% of the share capital with voting rights. The convocation of a General Meeting of Shareholders will take place by means of the publication of an invitation in the Swiss Official Gazette of Commerce at least 20 days prior to the date of the Meeting. In addition, shareholders who are registered in the share register will receive a written invitation from the Company to participate in the General Meeting of Shareholders. The invitation must include the motions and the proposals by the Board of Directors and of those shareholders who have requested either the convocation of a Meeting or the inclusion of a certain motion on the agenda.

Agenda

Shareholders representing shares that account for at least 3% of the voting rights or shares with a total par value of CHF 1,000,000 may request the inclusion of an item on the agenda of the General Meeting of Shareholders. Such requests must be submitted to the Board of Directors at least 35 days prior to the General Meeting of Shareholders in writing, specifying the items and proposals to appear on the agenda.

Requests with regard to motions that have not been properly announced may be permitted for discussion if the General Meeting of Shareholders determines to do so. It will not be possible, however, to take a decision on such a request until the next General Meeting of Shareholders. This rule does not apply to requests for an Extraordinary General Meeting or for the performance of a special audit.

No prior notice is required for requests regarding motions that are on the agenda.

Registration into the share register

No entries will be made in the share register for a period of 10 days prior to a General Meeting of Shareholders, including the day after the General Meeting.

Change of Control and Defense Measures

Duty to make an offer

Pursuant to the FMIA (Financial Market Infrastructure Act), any person who acquires equity securities in a company whose shares are listed on a Swiss stock exchange, whether directly or indirectly or acting in concert with third parties, and, as a result, exceeds the threshold of 33¹/₃% of the voting rights (whether exercisable or not) of such a company, must submit a public tender offer to acquire 100% of the listed equity securities of such a company. Meyer Burger Technology AG's Articles of Association do not provide for opting-out of this rule or opting-up of the threshold for a mandatory offer.

Clauses on changes of control

In the case that a third party would acquire more than 33¹/₃% of voting rights of Meyer Burger Technology AG, the vesting periods and/or retention periods for employee shares set by the Board of Directors shall be accelerated so that any unvested share shall be immediately vested in full. The vesting would take place on the first day of the grace period in case of a successful public tender offer. There are no further clauses regarding a change of control that would favor the members of the Board of Directors, members of the Executive Board or other members of management or associates.

Auditors

Mandate and fees of the lead auditor

The auditors of the Company have been PricewaterhouseCoopers AG since fiscal year 2003. The lead auditor, René Rausenberger, has been responsible for the audit mandate since 2020. The auditors have to be elected each year by the General Meeting of Shareholders.

The auditing fees of PricewaterhouseCoopers AG, for services related to the audit of the annual financial statements of Meyer Burger Technology AG and its subsidiaries, the consolidated financial statements of Meyer Burger, the review of the Half-Year Report and the audit of the Remuneration Report for fiscal year 2022 are as follows.

In CHF thousands	2022
Audit fees	632
Additional fees	152
Total	784

Supervisory and control instruments vis-à-vis the auditors

Once a year, the R&A Committee examines the auditing concept, the auditing plan and the fee structure, as well as the auditors' independence from the Company.

At least once a year, the external auditors provide a detailed audit report and brief the R&A Committee extensively. The important statements and recommendations in the audit reports compiled by the external auditors are then discussed in detail with the entire Board of Directors and the Executive Board.

In fiscal year 2022, the external auditors issued two detailed audit reports (one each for the fiscal year and half-year report). Representatives of the external auditors participated in four meetings of the R&A Committee.

Once a year, the Board of Directors verifies the selection of potential auditors, in order to propose the preferred audit firm for election to the shareholders at the General Meeting of Shareholders. The R&A Committee evaluates the effectiveness of the auditors in accordance with Swiss law. In this evaluation, the R&A Committee attaches great importance to the following criteria: independence of the external auditors (personal independence of the lead auditor and independence of the audit firm in general), understanding of the Company's business areas, sufficient resources set aside by the auditors, practical recommendations for the implementation of regulations in accordance with Swiss law and Swiss GAAP FER, the global network of the auditors, understanding of the specific business risks of the Company, focus of the audit within the audit program, cooperation with the R&A Committee, as well as with the internal audit and the Executive Board.

The Board of Directors follows the regulations of the Swiss Code of Obligations with regards to the rotation intervals of the lead auditor, i.e. the lead auditor will be rotated every seven years.

The R&A Committee also examines the ratio between the auditing fee for the annual financial statements and the additional non-audit services performed by the auditors. The Committee will examine potential consequences regarding the independence of the auditors. The Executive Board is permitted to assign non-audit mandates to the auditors up to an amount of TCHF 50. For any non-audit mandates exceeding this amount, the R&A Committee or the Board of Directors must be informed. The auditing fee for the annual audit mandate is approved definitively by the entire Board of Directors.

For fiscal year 2022, the Board of Directors concluded that the independence of the auditors was fully ensured at all times.
